Subject: Submission of Six-monthly Compliance Report. December 2025 of the CRZ conditions stipulated in CRZ clearance letter for the Proposed "Technical Ammonium Nitrate Manufacturing Plant" at DLC'T-1, Domestic Tariff Area, Gopalpur Industrial Park, Chamakhandl, Tehsil-Chatrapur, District-Ganjam. Odhisha by M/s Deepak Mining Solutions Limited

Ref: F. No. 11-8/2021-IA III dated 17-06-2021.

Dear Sir,

We wish to inform you that we have obtained CRZ clearance from MoEF&CC vide letter no: F. No: 11-8/2021-IA III dated 17-06-2021 for the Proposed "Technical Ammonium Nitrate Manufacturing Plant" at DLCT-1, Domestic Tariff Area, Gopalpur Industrial Park, Chamakhandi, Tehsil-Chatrapur, District-Ganjam, Odhisha by M/s Deepak Mining Solutions Limited

In this regard, we wish to inform you that, as per the conditions laid down in the CRZ letter, we are hereby submitting Six-monthly Compliance report along with all the requisite annexures as per the guidelines of the Ministry of Environment, Forest & Climate Change.

Hope this will meet the requirements.

Thanking you,

Yours faithfully,
For, M/s Deepak Mining Solutions Limited (DMSL)

Chapter 1 Introduction

M/s Deepak Mining Solutions Ltd. (DMSL) (Formerly known as M/s Mahadhan Agritech Limited), a 100% subsidiary of Deepak Fertilizers and Petrochemicals Corporation Limited (DFPCL) is one of the leading manufacturers of Technical Ammonium Nitrate (TAN) in the world and the only producer of explosive grade Low Density Porous Prilled Ammonium Nitrate (LDAN) in India. It is the largest manufacturer of TAN in India and ranked amongst top 5 manufacturers globally. The total installed capacity of plants is around 500,000 MT at different locations. MAL manufactures different types of Technical Ammonium Nitrate products with different technology to suit the requirements of their customers, delivering specific solutions for their applications. Their state-of-the-art manufacturing units are strategically located at the Eastern and Western coasts of India to efficiently cater to the domestic as well as international markets.

Now, MAL has proposed to install a Technical Ammonium Nitrate Plant which comprises of 900 MTPD (100% basis) Weak Nitric Acid (NA) plant to manufacture Ammonium Nitrate solution 1143 MTPD (100% basis). The produced Ammonium Nitrate solution of 1143 MTPD shall be used to produce max 300 MTPD Ammonium Nitrate melt and Technical Ammonium Nitrate (TAN) Prills (either LDAN or HDAN on campaign basis) with max. 1000 MTPD production. The Product mix set-up will be such that the production of TAN will not be more than 1143 MTPD. From the TAN prilling plant, both LDAN and HDAN can be produced. The proposed site is located within the domestic tariff area of the Industrial Park being developed by Tata Steel SEZ Limited (TSSEZL) at Gopalpur, Odisha. The total plant area is 40.24 acres.

There will be facility for power generation (Cogen) from waste heat steam from the NA plant to generate 4.6 MW of power. As well MAL will also set up Captive coal-based power plant for generation of 10 MW or lesser capacity. Power from coal based captive power plant will be produced in accordance with the requirement.

The proposed project will include site development, main process plants along with Offsites facilities & Utilities, raw material and product storages, electrical substation, covered warehouses, manufacturing plant and administrative buildings etc. The project shall also include the construction of cross-country facilities for receipt of imported ammonia from ships.

Technical Ammonium Nitrate (TAN) is used primarily for all non-fertilizer applications. It is a key ingredient in pharmaceuticals, mining, power, construction, and steel industries. The proposed project "manufacturing of Technical Ammonium Nitrate" is an inorganic compound and not covered under purview of EIA notification, 2006. However, the manufacturing process of TAN being broadly similar to

Point-Wise Compliance of The CRZ Conditions

Specific Conditions		
	Conditions	**Compliance**
1.	No groundwater shall be extracted to meet with the water requirements during the construction phase of the project	Complied . Tata SEZ authorities provided the required water for construction , transported thru Road Tankers to project site. **(Please see Annexure 4)**
2.	No excavated material during the construction shall be dumped in water bodies or adjacent areas. The site shall be restored to its near original condition after completion of construction	Complied. Considering the actual ground strata, the complete excavated materials are taken on reuse for back filling purposes after completion of civil works. **(Please see Annexure 4)**
3.	Any physical infrastructure setup during construction period shall be removed simultaneously with completion of laying of each segment of the project	Noted and shall be complied. Physical infrastructure setup has been installed to facilitate the project work, where equipment sheds, rest sheds, and other temporary sheds have been made at the required locations, which will all be dismantled and removed from the locations once the construction scope is completed.
4.	No construction (including cemented / concretised parking space for vehicles) shall be made in the NDZ area.	Complied. No such parking space / cemented zone has been developed in the No Development Zone area.
5.	Management of solid waste in accordance with the Solid Waste Management Rules, 2016 shall be strictly implemented.	Complied Metal scrap in the form of Rebars are collected and reused. All other Solid wastes (non metal and mixed scrap) was collected , stored at a designated place (outside the project area) for further disposal.

	regular monitoring of standard parameters of the effluent discharge from STP under intimation to the SPCB	
11.	Consent to Establish' and / or 'Consent to Operate' shall be obtained from State Pollution Control Board under the provisions of Air (Prevention and Control of Pollution) Act, 1981 and / or the Water (Prevention and Control of Pollution) Act, 1974, as may be applicable.	CTE has been obtained from SPCB, Odisha. **(Please see Annexure 5)**
12.	The Ministry of Environment, Forest & Climate Change or any other competent authority may stipulate any additional conditions or modify the existing ones, if necessary, in the interest of the environment and the same shall be complied with. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986	Noted and shall be complied as applicable from time to time.

13.	In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Ministry. The Ministry reserves the right to add additional safeguard measures subsequently, if considered necessary, and to take action to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner, including revoking of the environment clearance under the provisions of the Environmental (Protection) Act, 1986, for non-compliance	Noted and shall be complied as applicable from time to time.

19.	Full co-operation shall be extended to the officials from the Regional Office of MoEF&CC, during monitoring of implementation of environmental safeguards stipulated. It shall be ensured that documents/data sought pertinent is made available to the monitoring team. A complete set of all the documents submitted to MoEF&CC shall be forwarded to the Regional Office concerned of MoEF&CC	Complied One complete set of all the documents has been submitted at the Regional Office of MoEF&CC at Bhubaneswar along with a covering letter. **(Please see Annexure 8)**
20.	A copy of the clearance letter shall be uploaded on the website of the concerned State Coastal Zone Management Authority / State Pollution Control Board. The Clearance letter shall also be displayed at the Regional Office, District Industries Centre and Collector's Office / Tehsildar's office for 30 days	Complied. Letter with CRZ Clearance copy has been sent to OCZMA/OSPCB for uploading in their website and also to Berhampur RO-OSPCB, GM-DIC, Collector - Ganjam and Tahasildar-Chhatrapur to display the letter for 30 days. **(Please see Annexure 9)**
21.	The environmental statement for each financial year ending 31st March in Form V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of clearance conditions and shall also be sent to the respective Regional Office of the Ministry by E-Mail	Noted and will be complied Form V shall be submitted after commissioning of the pipelines.
22.	The project proponent should advertise in at least two local newspapers widely circulated in the region, one of which shall be in the vernacular language informing that the project has been accorded CRZ Clearance and copies of clearance letters are available with the State Pollution Control Board (SPCB) and may also be	Complied. Advertisement was published in the Newspaper on 30.05.2021. **(Please see Annexure 10)**

Subject: CRZ clearance for laying of Cross country pipeline for transportation of anhydrous Liquid Ammonia from liquid jetty of Gopalpur Port to M/s Smartchem Technologies Ltd (STL) Site inside the Industrial Park of Tata Steel Special Economic Zone Limited (TSSEZ), Odisha - regarding.

Sir,

This has reference to your online proposal No. IA/OR/CRZ/204641/2021, dated 20th March, 2021 received in this Ministry on the above mentioned project proposal for CRZ Clearance, in accordance with the provisions of the Coastal Regulation Zone (CRZ) Notification, 2011 issued under the Environment (Protection) Act, 1986.

2. The proposal was considered by the Expert Appraisal Committee (EAC) for Infrastructure Development, Coastal Regulation Zone, Building / Construction and Miscellaneous projects, in its 261st and 263rd meeting held on 07/04/2021 and 28/05/2021 respectively. The details of the project as per the documents submitted and presented during the aforesaid meetings are as under:

(i) The proposed route for pipeline originates from Berth 1 of Port to 15 m wide Gopalpur Port Limited (GPL) Right Of Way (ROW) till Industrial Infrastructure Development Corporation of Orissa Ltd (IDCO). GPL Port limit which is 1168 m stretch and further moving through 60m wide IDCO Pipeline Corridor till TSSEZL Boundary. IDCO Pipeline Corridor, proposed to be developed adjacent to mainly two villages namely Basanaputi & Badaputi. Both these villages have several stretches of Government Land & Private owned land. This corridor crosses NH-516 at approximately 200m from TSSEZ boundary. The length of IDCO Pipeline corridor is approx. 2457 m which start from GPL Boundary and end at TSSEZL Boundary. Thereafter, 1217 m pipeline will be laid adjacent to the 60m wide Road till STL Plant Entry Point in 15m wide Right Of Way (ROW). The proposed route crosses three different land schedules involving Govt. and private portions of land. The proposed route also crosses one Railway line within GPL Limit as well as NH-516 located at

S. No.	Landowner	Type of Land	Length of Pipeline (Approx.)	ROW	Total Area (Sqm)	Remark
1.	Gopalpur Port Limited	Port Land	1217m	15 m	18,255	Starts from Berth 1 of Port CRZ area
2.	IDCO	Govt & Pvt. Land	2457 m	60 m	1,47,420	In principle ROW allocated to STL is of 5m width only Non CRZ area
3.	TSSEZL	Industrial area land	1168 m	15 m	17,520	Ends at STL plant entry point. Non CRZ area
	Total	-	**4842.85 m ~ 4.84 km**	-	**1,83,195**	

(ix) Total land area required for the project is 1,83,195 Sqm.

(x) The employment potential of the project in construction phase is approximate 50 No's and operation phase is about 5-6 No's.

(xi) Power and Fuel requirement is 4 kVA at unloading arms and no specific power backup for pipelines.

(xii) Maximum 1 KLD of fresh water shall be required for the employees working at port which shall be facilitated by GPL only and existing port water supply and toilets shall be used by STL workers working at Port. No additional toilets or water supply facility shall be developed

(xiii) The total cost of the project is ₹70 Crores.

(xiv) Odisha Coastal Zone Management Authority has recommended the project vide its letter No. OCZMA/63 /2020/45/OCZMA, dated 1st February, 2021.

3. Based on the recommendation of the Odisha Coastal Zone Management Authority issued *vide* its letter No. OCZMA/63/2020/45/OCZMA, dated 1st February, 2021, and information submitted as at para no. 2 above and information provided during the presentation before the Expert Appraisal Committee and others, the Ministry of Environment, Forest and Climate Change, in acceptance of the recommendation of the Expert Appraisal Committee (CRZ), hereby accords CRZ Clearance to the above project viz '*Proposed laying of Cross country pipeline for transportation of anhydrous Liquid Ammonia from liquid jetty of Gopalpur Port to M/s Smartchem Technologies Ltd (STL) Site inside the Industrial Park of Tata Steel Special Economic Zone Limited (TSSEZ) in Odisha'*, under the provision of CRZ Notification, 2011 and amendments thereto and circulars issued thereon, and subject to compliance of the following specific and general conditions as under:

Clearance letter shall also be displayed at the Regional Office, District Industries Centre and Collector's Office / Tehsildar's office for 30 days.

(x) A six-monthly monitoring report shall need to be submitted by the project proponent to the concerned regional Office of this Ministry regarding the implementation of the stipulated conditions.

(xi) The Ministry of Environment, Forest & Climate Change or any other competent authority may stipulate any additional conditions or modify the existing ones, if necessary in the interest of environment and the same shall be complied with.

(xii) Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.

(xiii) The above stipulations would be enforced among others under the provisions of the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991, the EIA Notification, 2006 and the extant CRZ regulations.

(xiv) Full co-operation shall be extended to the officials from the Regional Office of MoEF&CC, during monitoring of implementation of environmental safeguards stipulated. It shall be ensured that documents/data sought pertinent is made available to the monitoring team. A complete set of all the documents submitted to MoEF&CC shall be forwarded to the concerned Regional Office of MoEF&CC.

(xv) In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Ministry.

(xvi) The Ministry reserves the right to add additional safeguard measures subsequently, if considered necessary, and to take action to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner, including revoking of the environment clearance under the provisions of the Environmental (Protection) Act, 1986, for non-compliance.

(xvii) All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department, Forest Conservation Act, 1980 and Wildlife (Protection) Act, 1972 etc. shall be obtained, as applicable by project proponent from the respective competent authorities.

(xviii) The project proponent should advertise in at least two local Newspapers widely circulated in the region, one of which shall be in the vernacular language informing that the project has been accorded CRZ Clearance and copies of clearance letters are available with the State Pollution Control Board (SPCB) and may also be seen on the website of the Ministry of Environment, Forest and Climate Change at http://www.envfor.nic.in. The advertisement should be made within Seven days from the date of receipt of the Clearance letter and a copy of the same should be forwarded to the concerned Regional Office of this Ministry.

Proposal for Transfer of CRZ Clearance dated 17/06/2021 granted under CRZ Notification 2011 from M/s Smartchem Technologies Limited to M/s Mahadhan Agritech Limited – regarding

Sir/Madam,

This refers to your proposal No. IA/OR/CRZ/505427/2024 dated 07/02/2025, forwarded on the Parivesh Portal, seeking the transfer of CRZ Clearance dated 17/06/2021 from M/s Smartchem Technologies Limited to M/s Mahadhan Agritech Limited, in accordance with the provisions of the CRZ Notification, 2011, as amended, under the Environment (Protection) Act, 1986.

2. The Ministry had granted CRZ Clearance to M/s Smartchem Technologies Limited *vide* letter No. 11-8/2021-IA III, dated 17/06/2021 for the laying of a cross-country pipeline for the transportation of anhydrous Liquid Ammonia from the liquid jetty of Gopalpur Port to the M/s Smartchem Technologies Ltd (STL) site inside the Industrial Park of Tata Steel Special Economic Zone Limited (TSSEZ), Odisha.

3. Since the project proponent's name has changed from M/s Smartchem Technologies Limited to M/s Mahadhan Agritech Limited, and the certification was received on 20/04/2023 from the Ministry of Corporate Affairs, M/s Mahadhan Agritech Limited has submitted a copy of the undertaking/NOC, signed by the authorized signatory, agreeing to abide by the terms and conditions stipulated in the CRZ Clearance granted to M/s Smartchem Technologies Limited *vide* letter No. 11-8/2021-IA III, dated 17/06/2021.

4. As per the relevant provisions of the CRZ Notification, 2011, the project proponent's name in the CRZ Clearance previously granted by the Ministry of Environment, Forest, and Climate Change *vide* letter No. 11-8/2021-IAIII, dated 17/06/2021 is hereby changed from M/s Smartchem Technologies Limited (CIN: U67120PN1987PLC166034) to M/s Mahadhan Agritech Limited (CIN: U67120PN1987PLC166034), under the same terms and conditions as described in the CRZ Clearance granted *vide* letter No. 11-8/2021-IA III, dated 17/06/2021.

Subject:

Proposal for Transfer of CRZ Clearance dated 17/06/2021 granted for the laying of a cross-country pipeline for the transportation of anhydrous liquid ammonia from M/s Mahadhan Agritech Limited to M/s Deepak Mining Solutions Limited – regarding

Sir/Madam,

This refers to your proposal No. IA/OR/CRZ/536030/2025 dated 14/05/2025, seeking transfer of the CRZ Clearance dated 17/06/2021 from M/s Mahadhan Agritech Limited to M/s Deepak Mining Solutions Limited (DMSL), in accordance with the provisions of the CRZ Notification, 2011, as amended, under the Environment (Protection) Act, 1986.

2. The Ministry had originally granted CRZ Clearance to M/s Smartchem Technologies Limited vide letter No. 11-8/2021-IA.III dated 17/06/2021 for laying a cross-country pipeline for transportation of anhydrous liquid ammonia from the liquid jetty at Gopalpur Port. This clearance was later transferred to M/s Mahadhan Agritech Limited *vide* letter No. 11-8/2021-IA.III dated 15/04/2025, following a change in company name, as certified by the Ministry of Corporate Affairs on 20/04/2023.

3. Subsequently, pursuant to the transfer of the Technical Ammonium Nitrate (TAN) business from M/s Mahadhan Agritech Limited (formerly Smartchem Technologies Limited) to M/s Deepak Mining Solutions Limited (DMSL), approved by the Hon'ble NCLT, Mumbai, DMSL has submitted an undertaking/NOC, signed by its authorized signatory, agreeing to abide by all terms and conditions stipulated in the CRZ Clearance granted on 17/06/2021.

4. Accordingly, in line with the provisions of the CRZ Notification, 2011, the name of the project

Scientist 'F' (CRZ)

CONSENT TO ESTABLISH ORDER

In consideration of the online application no. **3326313** for obtaining Consent to Establish for **M/s Smartchem Technologies Limited** the State Pollution Control Board is pleased to convey its Consent to Establish under section 25 of Water (Prevention & Control of Pollution) Act, 1974 and section 21 of Air (Prevention & Control of Pollution) Act, 1981 for **laying of 4.84 Km Cross Country Pipeline for transportation of Anhydrous Liquid Ammonia of capacity 800 MTPH from Liquid Jetty of Gopalpur Port to Smartchem Technology Ltd. (STL) site inside the industrial park of M/s Tata Steel Special Economic Zone Limited (TSSEZL), at Plot No- DLCT-1, DTA, Gopalpur Industrial Park, Chamakhandi with total project cost of ₹ 70 Crores** (plot nos. & khata nos. as mentioned in application form) in the district of **Ganjam** with the following conditions:

GENERAL CONDITIONS:

1. **This Consent to Establish is valid for laying of Cross Country Pipeline for the capacity mentioned in the application form. This order is valid for five years.**
2. The industry shall comply to the provisions of Environment Protection Act, 1986 and the rules made there under with their amendments from time to time such as the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 as amended from time to time, Hazardous Chemical Rules, / Manufacture, Storage and Import of Hazardous Chemical Rules, 1989 etc. and amendments there under. The industry shall also comply to the provisions of Public Liabiiity Insurance Act, 1991, if applicable.
3. The industry shall apply for grant of Consent to operate under section 25/26 of Water(Prevention & Control of Pollution)Act, 1974 & under section 21 of Air (Prevention & Control of Pollution)Act, 1981 at least 3 (three) months before the commercial production and obtain Consent to Operate from this Board.
4. **This consent to establish is subject to statutory and other clearances from Govt. of Odisha and/or Govt. of India, as and when applicable.**

SPECIAL CONDITIONS:

A. GENERAL:

1. **The proponent shall comply to conditions stipulated in the CRZ Clearance obtained from the MoEF&CC, IA-III Division (CRZ), Govt. of India vide its letter no. F. No. 11/8/2021-IA-III, dated 17.06.2021.**

corrosion monitoring. Coating and impressed current Cathodic protection system shall be provided to prevent external corrosion.

18. The company shall also comply with all the conditions and safeguards prescribed in the EIA / Risk Assessment Reports.

19. Detailed risk analysis shall be done once the engineering design and layout is frozen. Based on this, on-site and off-site emergency preparedness plan shall be prepared. Approval from the nodal agency shall be obtained before commissioning the project.

20. The proponent shall ensure that there shall not be change in soil quality for laying of pipeline.

21. Borrow pits and other scars created during the laying of pipe shall be properly leveled and treated.

22. This consent to establish is granted for the capacity as mentioned above and any expansion in the capacity change or modification in the process, addition, alternation any nature has to be undertaken with prior approval of the Board. For any change in the site or area, fresh consent to establish has to be obtained from the Board.

23. The unit shall abide by the provisions of Environment (Protection) Act, 1986 and rules framed thereunder.

24. The Board may impose further condition or modify the conditions are stipulated in this order during installation and / or at the time of obtaining consent to operate and may revoke this order in case the stipulated conditions are not implemented and / or information is found to have been suppressed / wrongly furnished in the application form.

B. WATER POLLUTION:

25. No process waste water generation takes place in the pipeline system as it is a closed circuit. However, little amount of waste water would be generated due to washing of equipment / station floors which shall be adequately treated prior to discharged to outside.

26. The unit shall obtain NOC from CGWA if the unit will use ground water as prerequisite for getting Consent to Operate of State Pollution Control Board, Odisha.

27. The proponent shall obtain permission from Department of Water Resources, Govt. of Odisha for drawl of ground / surface water.

28. The proponent shall ensure that due to the project, there shall no adverse impact on the drainage of the area and recharge of ground water. No groundwater shall be tapped in the project area.

29. Domestic effluent shall be discharge to soak pit via septic tank constructed as per BIS specification.

C. AIR POLLUTION:

30. Necessary preventive measures shall be taken during construction phase so that the ambient air quality including noise shall conform to National Ambient Air Quality standards and standards for noise in industrial area. (As per Annexure-I).

31. The transportation of raw material during construction and operation shall be carried out in covered trucks/ vehicles.

NOTIFICATION

New Delhi, the 16th November, 2009

G.S.R. 826(E).— In exercise of the powers conferred by section 6 and section 25 of the Environment (Protection) Act, 1986 (29 of 1986), the Central Government hereby makes the following rules further to amend the Environment (Protection) Rules, 1986, namely:—

1. (1) These rules may be called the Environment (Protection) Seventh Amendment Rules, 2009.

(2) They shall come into force on the date of their publication in the Official Gazette.

2. In the Environment (Protection) Rules, 1986 (hereinafter referred to as the said rules), in rule 3, in sub-rule (3B), for the words, brackets, figures and letters, "in columns (3) to (5) of Schedule VII", the words, brackets, figures and letters "in columns (4) and (5) of Schedule VII" shall be substituted.

3. For Schedule VII to the said rules and entries relating thereto, the following Schedule and entries shall be substituted, namely:—

"[SCHEDULE VII]

[See rule 3(3B)]

NATIONAL AMBIENT AIR QUALITY STANDARDS

S. No.	Pollutant	Time Weighted Average	Concentration in Ambient Air		
			Industrial, Residential, Rural and Other Area	Ecologically Sensitive Area (notified by Central Government)	Methods of Measurement
(1)	(2)	(3)	(4)	(5)	(6)
1	Sulphur Dioxide (SO_2), $\mu g/m^3$	Annual*	50	20	- Improved West and Gaeke -Ultraviolet fluorescence
		24 hours**	80	80	
2	Nitrogen Dioxide (NO_2), $\mu g/m^3$	Annual*	40	30	- Modified Jacob & Hochheiser (Na-Arsenite) - Chemiluminescence
		24 hours**	80	80	
3	Particulate Matter (size less than 10µm) or PM_{10} $\mu g/m^3$	Annual*	60	60	- Gravimetric - TOEM - Beta attenuation
		24 hours**	100	100	
4	Particulate Matter (size less than 2.5µm) or $PM_{2.5}$ $\mu g/m^3$	Annual*	40	40	- Gravimetric - TOEM - Beta attenuation
		24 hours**	60	60	

[SCHEDULE III]
(See rule 3)

AMBIENT AIR QUALITY STANDARDS IN RESPECT OF NOISE

Area Code	Category of Area	Limits in dB(A) Leq.	
		Day Time	Night Time
(A)	Industrial area	75	70
(B)	Commercial area	65	55
(C)	Residential area	55	45
(D)	Silence Zone	50	40

Note

1. Day time is reckoned in between 6 a.m. and 9 p.m.
2. Night time is reckoned in between 9 p.m. and 6 a.m.
3. Silence zone is defined as areas upto 100 meters around such premises as hospitals, educational institutions and courts. The Silence Zones are to be declared by the Competent Authority.

   Use of vehicular horns, loudspeakers and bursting of crackers shall be banned in these zones.
4. Mixed categories of areas should be declared as one of the four above mentioned categories by the Competent Authority and the corresponding standards shall apply.

Schedule III inserted vide GSR 1063(E), dt. 26.12.89, published in the Gazette No. 643, dt. 26.12.89.

SMARTCHEM TECHNOLOGIES LIMITED

Dated the 23rd of June 2021

To
The Collector and District Magistrate,
Ganjam,
Odisha.

Sub: - Intimation regarding grant of CRZ Clearance for laying of Cross-country pipeline for transportation of anhydrous Liquid Ammonia from liquid jetty of Gopalpur Port to M/S Smartchem Technologies Ltd (STL) Site inside the Industrial Park of Tata Steel Special Economic Zone Limited (TSSEZ) in Odisha regarding.

Ref: - MoEF Letter No – F. No: F. No: 11-8/2021-IA III dated 17-06-2021.

Dear Sir,

With reference to the subject cited above, we are happy to inform you that the Ministry of Environment, Forest and Climate Change, Government of India has accorded **CRZ Clearance** for laying of cross country pipeline for transportation of anhydrous Liquid Ammonia from liquid jetty of Gopalpur Port to M/S Smartchem Technologies Ltd. (STL) Site inside the Industrial Park of Tata Steel Special Economic Zone Limited (TSSEZL), Odisha on 17 – 06 – 2021 under the provisions of CRZ Notification, 2011 and the amendments thereto and circulars issued thereon, and subject to compliance of specific and general conditions.

In compliance with the General Conditions of the said Clearance, we are submitting herewith a copy of the letter granting CRZ Clearance in favour of STL for ready reference **with a request to kindly display the same in your good office for a period of 30 days from the date of receipt of the letter.**

Thanking & assuring you of our best intent for investment & partnership with Government of Odisha.

Yours faithfully,
For SMARTCHEM TECHNOLOGIES LIMITED.

Chapter-1 Introduction

M/s Mahadhan Agritech Ltd. (MAL) (Formerly known as M/s Smartchem Technologies Limited), a 100% subsidiary of Deepak Fertilizers and Petrochemicals Corporation Limited (DFPCL) is one of the leading manufacturers of Technical Ammonium Nitrate (TAN) in the world and the only producer of explosive grade Low Density Porous Prilled Ammonium Nitrate (LDAN) in India. It is the largest manufacturer of TAN in India and ranked amongst top 5 manufacturers globally. The total installed capacity of plants is around 500,000 MT at different locations. MAL manufactures different types of Technical Ammonium Nitrate products with different technology to suit the requirements of their customers, delivering specific solutions for their applications. Their state-of-the-art manufacturing units are strategically located at the Eastern and Western coasts of India to efficiently cater to the domestic as well as international markets.

Now, MAL has proposed to install a Technical Ammonium Nitrate Plant which comprises of 900 MTPD (100% basis) Weak Nitric Acid (NA) plant to manufacture Ammonium Nitrate solution 1143 MTPD (100% basis). The produced Ammonium Nitrate solution of 1143 MTPD shall be used to produce max 300 MTPD Ammonium Nitrate melt and Technical Ammonium Nitrate (TAN) Prills (either LDAN or HDAN on campaign basis) with max. 1000 MTPD production. The Product mix set-up will be such that the production of TAN will not be more than 1143 MTPD. From the TAN prilling plant, both LDAN and HDAN can be produced. The proposed site is located within the domestic tariff area of the Industrial Park being developed by Tata Steel SEZ Limited (TSSEZL) at Gopalpur, Odisha. The total plant area is 40.24 acres.

There will be facility for power generation (Cogen) from waste heat steam from the NA plant to generate 4.6 MW of power. As well MAL will also set up Captive coal-based power plant for generation of 10 MW or lesser capacity. Power from coal based captive power plant will be produced in accordance with the requirement.

The proposed project will include site development, main process plants along with Offsites facilities & Utilities, raw material and product storages, electrical substation, covered warehouses, manufacturing plant and administrative buildings etc. The project shall also include the construction of cross-country facilities for receipt of imported ammonia from ships.

Technical Ammonium Nitrate (TAN) is used primarily for all non-fertilizer applications. It is a key ingredient in pharmaceuticals, mining, power, construction, and steel industries. The proposed project "manufacturing of Technical Ammonium Nitrate" is an inorganic compound and not covered under

Chapter-3 Point-Wise Compliance of The CRZ Conditions

Specific Conditions		
S. No.	**Conditions**	**Compliance**
1.	No groundwater shall be extracted to meet with the water requirements during the construction phase of the project	Noted and shall be submitted after the start of Construction work of Cross-country Pipeline.
2.	No excavated material during the construction shall be dumped in water bodies or adjacent areas. The site shall be restored to its near original condition after completion of construction	Noted and shall be submitted after the start of Construction work of Cross-country Pipeline.
3.	Any physical infrastructure setup during construction period shall be removed simultaneously with completion of laying of each segment of the project	Noted and being adhered.
4.	No construction (including cemented/concretised parking space for vehicles) shall be made in the NDZ area.	Noted and complied.
5.	Management of solid waste in accordance with the Solid Waste Management Rules, 2016 shall be strictly implemented.	Noted and shall be submitted after the start of Construction work of Cross-country Pipeline.
6.	Any hazardous waste generated during construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the State Pollution Control Board	Noted and shall be submitted after the start of Construction work of Cross-country Pipeline.
7.	No permanent labour camp, machinery and material storage shall be allowed in CRZ area	Noted and shall be submitted after the start of Construction work of Cross-country Pipeline.

12.	The Ministry of Environment, Forest & Climate Change or any other competent authority may stipulate any additional conditions or modify the existing ones, if necessary, in the interest of the environment and the same shall be complied with. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986	Noted and shall be complied as applicable from time to time.
13.	In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Ministry. The Ministry reserves the right to add additional safeguard measures subsequently, if considered necessary, and to take action to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner, including revoking of the environment clearance under the provisions of the Environmental (Protection) Act, 1986, for non-compliance	Noted and shall be complied as applicable from time to time.
14.	All other statutory clearances such as approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department, Forest Conservation Act, 1980 and WIldlife (Protection) Act, 1972 etc. shall be obtained, as applicable by the project proponent from the respective competent authorities.	Complied. During the construction phase of the project storing the HSD limit to 800ltr in 200 ltr drums. Approved Conversation Plan by PPF, Odisha is attached as **Annexure 2** Fire NOC recommendation has been received from Fire Directorate, HOME DEPARTMENT, Govt of Odisha.
15.	The above stipulations would be enforced among others under the provisions of the Water (Prevention and Control of	Noted and shall be complied as applicable from time to time.

20.	A copy of the clearance letter shall be uploaded on the website of the concerned State Coastal Zone Management Authority / State Pollution Control Board. The Clearance letter shall also be displayed at the Regional Office, District Industries Centre and Collector's Office / Tehsildar's office for 30 days	Letter with CRZ Clearance copy has been sent to OCZMA/OSPCB for uploading in their website and also to Berhampur RO-OSPCB, GM-DIC, Collector - Ganjam and Tahasildar-Chhatrapur to display the letter for 30 days. Copy of the letter is attached as **Annexure 5.**
21.	The environmental statement for each financial year ending 31st March in Form V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of clearance conditions and shall also be sent to the respective Regional Office of the Ministry by E-Mail	Form V shall be submitted after operation of plant.
22.	The project proponent should advertise in at least two local newspapers widely circulated in the region, one of which shall be in the vernacular language informing that the project has been accorded CRZ Clearance and copies of clearance letters are available with the State Pollution Control Board (SPCB) and may also be seen on the website of the Ministry of Environment, Forest and Climate Change at http://www.envfor.nic.in. The advertisement should be made within Seven days from the date of receipt of the Clearance letter and a copy of the same should be forwarded to the concerned Regional Office of this Ministry.	Advertisement was published in the Newspaper on 30.05.2021. Copies are attached as **Annexure 6.**

Golfer Anirban Lahiri qualifies for Tokyo Olympics

Seasoned pro Anirban Lahiri qualified for his second successive Olympic appearance after finishing as the best-placed Indian golfer on the final Tokyo Games Rankings for men released on Tuesday. The Indian made the cut at the 60th spot, the last available quota in the Games rankings. India was eligible for one spot.

Srihari, Maana nominated for Olympics

ASHIM SUNAM @ Bengaluru

SRIHARI Nataraj and Maana Patel are Swimming Federation of India's nomination for the Universality places for the Tokyo Olympics. Since they have not acquired the A qualification mark, the two were picked based on their FINA rankings and have been fielded under the Universality quota. However, the final call will depend on the slots to be available after the A cut criteria are listed.

Though Srihari is happy with the decision, the Bengaluru man is looking to give it his all in the Serbi Golf Trophy in Rome, starting Friday.

It will be his last chance of making the A cut, which will grant a direct entry, before the qualification period ends on June 27. If any of the swimmers manage to get the eligible A cut before Sunday, the SFI's universality nomination for the particular gender will be officially cancelled. So far, six Indian swimmers have achieved the Olympic Selection Time (B cut), including Srihari and Sajan Prakash, who will both compete in Rome. The former has a B cut in the backstroke, while the latter has done so in the 100m and 200m butterfly. So far, no Indian swimmer has attained the A mark.

"I'm grateful for the nomination but it's not over till it's over. Me and Sajan are both 0.6 away, so we don't know who can potentially pull off an A cut. Others (Indian swimmers) are racing in the US as well around the same dates. I am going to race on Friday and Sajan on Saturday, so it's not over," said Srihari, who, by his standards, did not have an impressive timing in Belgrade.

He clocked 54.45s in 100m backstroke when the A cut stands at 53.65s. Before leaving for Belgrade, Srihari had not taken a splash in the pool for almost three weeks.

DANE-MARK: LAST 16

EURO2020

OPEN CONTEST FIGHT FOR SURVIVAL

GROUP E

SWEDEN VS POLAND | St Petersburg | 9.30pm

This is a clash between two sides at the opposite ends of the table. Sweden will have to pick a win and finish as toppers. Poland, with just one point so far, can still qualify if they post a win.

Key players: Emil Forsberg (Sweden) | Robert Lewandowski (Poland)

SLOVAKIA VS SPAIN | Seville | 9.30pm

Three time champions Spain who have struggled in the final third after winning most of the possession, have to win against second placed Slovakia to confirm their qualification. A draw would be enough for Slovakia.

Key players: Aleksandr Kokorin (Slovakia) | Alvaro Morata (Spain)

GERMANY VS HUNGARY | Munich | 12.30am

Germany came up with a vintage display to stun Portugal in their last game. Currently second in the group, another win or a draw against Hungary will confirm their qualification. Bottom place Hungary must win in order to advance.

Key players: Ilkay Gundogan (Germany) | Dominik Szoboszlai (Hungary)

PORTUGAL VS FRANCE | Budapest | 12.30am

The defeat against Germany was a big wake up call for Ronaldo & Co. They face a stiff test in France, who are yet to find their top gear. Portugal will advance if they avoid defeat. But a loss could prove to be detrimental for Fernando Santos' men.

Key players: Ronaldo (Portugal) | Antoine Griezmann (France)

AFP @ Copenhagen

DENMARK is a nation united behind its football team after they charged into the Euro 2020 knockouts on a euphoric night in Copenhagen which saw them up well for the rest of Euro.

Considered by many a dark horse before the Euro started, thanks to a squad packed with talent, Denmark will face Wales in the last 16 and on the evidence of Monday's thrilling 4-1 thumping of Russia will be favourites to make the last eight.

Behind the tournament start, coach Kasper Hjulmand said he wanted his side to 'dare to dream' of going all the way as in 1992, and on Monday their resolve shone through after a rough spotlight fell on which the players had decided with mental problems Christian Eriksen's recent dip on the pitch.

Asked how he managed to hold things together, Hjulmand said: "I have a great team around me, great staff, great people around me, great players."

Having lost their first two games to the aftermath of Eriksen's sudden cardiac arrest in their opening game against Finland, the Danes needed eventual Group B winners Belgium to beat Finland and a win by two goals or more by any scoreline or more than 3-0 over the Russians.

Shami keeps Kiwis down to 249

EXPRESS NEWS SERVICE

Mohammed Shami celebrates the dismissal of BJ Watling on Tuesday

DESPITE two washed-out days and only 193.4 overs bowled amidst the ruptures of fast light, the World Test Championship final has come to life. With a sunny day predicted in South-ampton on Wednesday, which is Day 6 (reserve day), the Test match could still end up perdie, the 4-winner against all odds. All this has been possible thanks to India's bowling unit, which once again not just brought them back into the game but also put them in a situation where they can go for the kill. When Day 5 set off to a delayed start because of slight drizzle, the onus was on the Indian attack to ensure New Zealand didn't run away with the game. In fact, given India's first innings total of 217, New Zealand with the score on 101/2 after play began on Tuesday, were the better placed team to come a win in the final at the Row Bowl.

With only 116 runs to defend, India didn't attack as much as they would have liked. Instead, they resorted to attacking to their strength of bowling right lines. It was India who owned the first session, picking up the wickets of Ross Taylor, Henry Nicholls and BJ Watling getting away only 34 runs in 20 overs.

In the post-lunch session, India stuck to their approach with Kyle Williamson attempting a patient innings. Around him, Colin de Grandhomme, Kyle Jamieson, Tom Southee made some quick runs. Mohammed Shami (4/76) and Ishant Sharma (3/49) were the main wicket-takers for India. Shami (4/76) and Ishant Sharma (3/49) were the main wicket-takers for India. Shami (4/76) and Ishant Sharma (3/49) were the main wicket-takers for India. Shami (4/76) and Ishant Sharma (3/49) were the main wicket-takers for India.

Prajnesh crashes out of BigW qualifiers

LONDON: In a forgettable outing, India's Prajnesh Gunneswaran bowed out of Wimbledon qualifiers on Tuesday after losing in straight sets to British wild card Arther Fery, who is not ranked even inside top-1000. The left-handed Indian, ranked 148, lost 1-6 6-7(5) to the 18-year-old rival, who is ranked as low as 1038.

WI docked 6 WTC pts for slow over rate

DUBAI: West Indies were on Tuesday fined 60 per cent of their match fees, and penalised six WTC points for maintaining a slow over-rate against South Africa in the second Test at St Lucia. ICC match referee Richie Richardson imposed the sanction after the hosts were found to be three overs short of the target after time allowances were considered.

HOPING THIS WILL BE OUR BEST OLY YET: RIJIJU

SWAROOP SWAMINATHAN @ Chennai

SPORTS minister Kiren Rijiju expressed hope that the upcoming Olympics will be the best ever from an Indian perspective in terms of performance. Even though he refused to predict the number of medals, he is "hopeful that this is our moment" and said that he was "completely satisfied" with the preparation. In an online press conference, Rijiju also touched upon the additional quarantine measures imposed on athletes travelling from India among other things. Excerpts:

On hopes for the Olympics

We have sport in 15 sites in the last 4 years. I feel India should do better than previous editions. In fact, we will be sending our largest contingent to Tokyo. We are doing everything keeping in mind maximum medals. But as a sports minister, I am not in a position to predict our medal count. Our expectations are high (India's best Olympics in terms of medal tally is 6 in 2012 with six).

On additional restrictions imposed by local organising committee

As per the Olympic Charter, there can't be any discrimination. Any discrimination has to be addressed. I have asked the IOA (Indian Olympic Association) to register a formal complaint with the Tokyo organizers, which they have already done. We will strongly raise any issue that affects our athletes' preparation and chances. Priority is to ensure a secure environment for our athletes. We have to ensure that our athletes are not in any mental stress. IOA has already sent two letters to the IOC in this regard but is yet to get a response on the matter.

On the letter that the Board of Control for Cricket in India has donated to the ministry

Any Indian, if they can, should support the Olympic movement. The BCCI is a resourceful body and they have agreed to support it. I had a meeting with BCCI officials. They will be directly handing over the money to IOA for other expenses and manage-ment. The expenses are high. On if you would be feeling any pressure

Not pressure, but there will be a responsibility. If we do well, I will be the happiest person. As sports minister, the responsibility comes to me if country has to do well. Sometimes, the minister shouldn't be talking about who's eating what because that's a local management issue... I'm directly in touch with players. They are very satisfied. You talk to athletes, they are satisfied with support and encouragement. Hope this will be a moment for us, hopefully that day moment will come.

On if there will be a send off

There will be a virtual send-off. A public one will not be possible because of Covid. So we will organise a virtual event and I will also request the Prime Minister to join us.

Neeraj wins gold with modest show in Karlstad

EXPRESS NEWS SERVICE @ Chennai

CONDITIONS were not ideal in Karlstad (Sweden) during the Grand Prix leg on Tuesday. It was gloomy and chilly. Neeraj Chopra, keen to get some competitions before the Olympics, had a modest outing in his first major competition since March this year.

By the time Neeraj started his throws, there was rain and it intensified as the evening settled in with temperature being around 12 degrees. The first throw was a warm-up. Not taking too much risk on a wet track, he tried to keep it simple. The spear pierced the ground 79.03m away from his throwing line on his first attempt. In his next attempt, he cleared this mark with a throw of 80.96m. Those were the two legitimate throws before his last attempt of 77.60m. This is way away from his national record mark of 88.07m.

Swedish Simin Hrafn Guðmundsson managed 78.38 hogging after while his compatriot Daðbjartur Daði Jónsson settled for bronze with 76.20m. Neeraj would be heading to Kuortane GP scheduled on June 26.

Lionel Messi set for the ball in Paraguay's Santiago Arzamendia earl

Argentina, Chile in Copa America quarterfinals

AFP @ Brasilia

ARGENTINA and Chile on Monday booked their places in the Copa America quarterfinals, ending top of Group A after low-scoring matches that left the other two spots up for grabs.

Argentina topped their second win in three group matches played, beating Paraguay 1-0, with Alejandro 'Papu' Gomez scoring the solo goal of the Monday match in Brasilia in the ninth minute.

The win placed Lionel Messi's La Albiceleste top of Group A with seven points — enough to secure their place in the next phase of the tournament being played in empty stadiums as concerns battered Brazil.

The match marked a personal milestone for Messi, who tied Javier Mascherano's record for the most games played for Argentina — 147. But it was not a night of glory for Messi or his team, who in the second half seemed to resign themselves to defending a spirited, but ultimately fruitless, Paraguayan attack.

In the other match Monday, Chile drew 1-1 with Uruguay to end the day with five log points. With four matches left to play in Group A, Paraguay have three points, Uruguay one, and Bolivia zero.

Today's (Thursday) matches: Colombia vs Peru, 2.30am; Brazil vs Colombia, 5.30am
